

Product Information

AQUASOFT LAUNDRY POWDER

An all temperature laundry powder containing enzymes, Aquasoft Laundry Powder dissolves quickly in hot or cold water.

It can be used in all types of washing machine and is biodegradable.

◆ DIRECTIONS:

Add Aquasoft to machine in accordance with machine manufacturers instructions.

Dosage:

For top loading machines:

- ¾ cup for lightly soiled loads.
- 1½ cups for heavily soiled loads

Presoaking:

Use ½ cup of powder in 5-10 litres of water. Dissolve before adding washing. Leave to soak for 1 hour or, for best results, overnight. Do not soak leather, wool or garments with metal trim or fasteners. Do not soak non-colourfast garments.

◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

◆ PRESENTATION:

Aquasoft is available in the following pack sizes:

- 1kg Cardboard box
- 5kg Plastic carry bag

◆ HAZARDS:

Irritating to eyes.
Repeated or prolonged contact may lead to skin irritation.
Contains enzymes.
Avoid inhaling product.
Keep out of reach of children at all times.

◆ FIRST AID:

For advice, contact National Poisons Information Centre Phone 0800 764 766.
For eye contact: rinse cautiously with water for several minutes. Remove contact lenses if present. Continue rinsing. Call a doctor if irritation persists. If swallowed, do NOT induce vomiting. Rinse mouth with water. Call a doctor.
For skin contact: wash with plenty of soap and water. If skin irritation occurs get medical advice/attention.
