

Product Information

ECO-FRIENDLY TOILET CLEANER

Clark's Eco-Friendly Toilet Cleaner is an easy to use toilet bowl cleaner which removes soiling and lime scale from enamel and porcelain surfaces. This complete cleaner uses xanthan gum (a natural thickener) to modify the viscosity to ensure effective adhesion and thorough penetration of stains and calcium deposits.

Clark's Eco-Friendly Toilet Cleaner is formulated from renewable resources including a fruit based acid and leaves toilets clean and with a refreshing fragrance.

It is hygienic and contains a powerful antiseptic and leaves no residue of unnecessary chemicals. All ingredients are fully biodegradable, contains no phosphates and has minimal impact upon the environment. Suitable for septic tanks.

◆ DIRECTIONS:

Simply spray or swab around the underside of bowl rim, scrub area briefly with toilet brush, leave 2 to 5 minutes before flushing to rinse.

For obstinate stains repeat application and leave overnight before flushing.

Clark's Eco-Friendly Toilet Cleaner may also be used on urinals and shower trays using a cloth to swab stained areas. Rinse with generous amounts of cold water to finish.

◆ PRESENTATION:

Clark's Eco-Friendly Toilet Cleaner is available in 1 litre, 5 litre, 20 litre & 200 litre containers

Bottles are made of polyethylene; cap of polypropylene. Polyethylene and polypropylene are 100% recyclable and can be recycled together using a low energy process.

◆ SAFETY:

Contains citric acid. Avoid contact with eyes. Keep out of reach of children.

◆ FIRST AID:

In case of eye contact: Rinse cautiously with water for several minutes. Remove contact lenses if present. Continue rinsing. Immediately call a POISON CENTRE or doctor/physician.
