

Product Information

CRETE-AWAY

Crete-away is an acid-based cleaner for the removal of fresh concrete from bowls of concrete mixer trucks.

A Safety Data Sheet is available for this product on request.

Crete-away has a specially modified viscosity to assist it to cling to the concrete and increase the effectiveness of the acid in dissolving wet concrete.

◆ DIRECTIONS:

Simply spray or swab approximately 1 litre of undiluted Crete-away around the mixer bowl, scrub area briefly broom or brush. Leave 2 to 15 minutes. Rinse with generous amounts of cold water to finish.

To clean other exterior areas, such as the cab and chassis, dilute 1 litre of Crete-away in approximately 10 litres of water and apply by brush. Do not allow it to dry off before hosing off with water.

◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

◆ HAZARDS:

Corrosive material. (Contains phosphoric acid). Avoid contact with skin or eyes. Harmful if swallowed. Keep out of reach of children.

◆ FIRST AID:

If swallowed: Do NOT induce vomiting. Rinse mouth with water. Give water to drink to achieve dilution. Immediately call a POISON CENTRE or doctor/physician. In case of eye contact: Rinse cautiously with water for several minutes. Remove contact lenses if present. Continue rinsing. Immediately call a POISON CENTRE or doctor/physician.
