

## Product Information

### LIQUID AMMO

Liquid Ammo is a high strength hard surface cleanser with Ammonia to enhance removal of stubborn contaminants.

Liquid Ammo is ideal for use on floors, walls, wet areas and bench tops, and is suitable for most hard surfaces such as ceramic, stainless steel, porcelain, and formica.

#### ◆ DIRECTIONS:

Mix 50ml ( $\frac{1}{4}$  cup) Liquid Ammo with 5 litres in a plastic bucket of warm water. Apply with sponge, cloth or wet mop. For heavy contamination increase dosage and for really obstinate contamination use Liquid Ammo undiluted. In all cases thoroughly rinse cleaned surfaces with potable water.

#### ◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

#### ◆ PRESENTATION:

Liquid Ammo is available in 1 litre, 5 litre, 20 litre and 200 litre containers.

#### ◆ NZFSA APPROVAL:

Liquid Ammo is NZFSA Approved C31 (All animal product except dairy)

#### ◆ HAZARDS:

Harmful if swallowed. Avoid contact with eyes. Avoid prolonged skin contact with undiluted material. Keep out of reach of children.

#### ◆ FIRST AID:

If swallowed: do not induce vomiting. Rinse mouth with water and give water or milk to drink. Seek medical assistance.

For eye contact: flush with water. If irritation develops seek medical attention.
