

## Product Information

### SUGAR SOAP

A heavy duty soap solution for the quick effective removal of grease and other contaminants from walls, floors and other hard surfaces.

Sugar Soap is ideal for cleaning down & preparing hard surfaces prior to painting and wallpapering.

#### ◆ DIRECTIONS:

Add 200 ml of Sugar Soap to 10 Litres of water. Apply with a damp cloth or sponge.

Depending on level of contamination, rinsing may not be necessary, but if residues of dirt are evident a water rinse is recommended.

#### ◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

#### ◆ PRESENTATION:

Clarks Sugar Soap is available in the following pack sizes.

- 5 Litre plastic flagons
- 20 litre polydrums

#### ◆ HAZARDS:

Harmful if swallowed. Keep out of reach of children. Avoid contact with eyes. Wear rubber gloves if subject to skin irritation or prolonged exposure likely.

#### ◆ FIRST AID:

If swallowed: do not induce vomiting. Rinse mouth with water and give water or milk to drink. Seek medical assistance. For eye contact: flush with water. If irritation develops seek medical attention.
