

Product Information

TRUE GRIT HANDCLEANER

True Grit is a high quality emulsion-gel type hand cleaner containing ground polymer grit to assist with the rapid removal of grease, oil, ink and other industrial contaminants from the hands. True Grit can be used in all industrial situations including heavy industries, paint shops, printers, light engineering and motor workshops and also can find use by the home handyman.

- Rapidly removes grease, oil, ink and other industrial contaminants from the hands.
- Contains polymer grit to assist in removal of stubborn material.
- Lanolin enriched to care for your hands as it cleans.
- Contains Thymol, a potent antiseptic, to provide real protection against infection in cuts and abrasions.

◆ DIRECTIONS:

Smear a small quantity of True Grit lightly onto the hands. Rub in to dissolve contaminants before rinsing with clean water or wiping hands on disposable paper towel or cloth. Do not wet hands before applying True Grit Hand Cleaner.

◆ BIODEGRADABLE:

The surfactants in this product are biodegradable according to internationally accepted criteria.

◆ PRESENTATION:

True Grit is available in the following pack sizes:

- 400 gram pot
- 2 Litre refill – with wall mountable dispenser
- 3.5kg pail
- 20 Litre pail
- 200 Litre drum

A pump kit for the 3.5kg and 20 litre pails is available at a competitive price and

replacement drilled lids are available as standard stock.

◆ NZFSA APPROVAL:

True Grit Handcleaner is NZFSA Approved C52 (All animal product except dairy)

◆ HAZARDS:

True Grit Handcleaner is non-caustic and in normal use no hazards are anticipated but care should be exercised to making direct eye contact when using. Caution - combustible material. Avoid exposure to naked flames or hot surfaces

A Safety Data Sheet is available for this product on request.
