CLEANLINESS ASSURED – AUTOMOTIVE SUPPLIES RANGE

CLARK PRODUCTS AUTOMOTIVE SUPPLIES RANGE

CLARKS OFFERS A RANGE OF HIGH QUALITY INDUSTRIAL GRADE CLEANERS, SOLVENTS, DEGREASERS, ACIDS & HANDCLEANERS

DEGREASERS

CLARKS ECO-DEGREASER

Clarks eco-degreaser is an effective and environmentally safe water based degreasing solution.

The formulation includes a selection of wetting agents, biodegradable emulsifiers and natural orange oil extract. This combination is very effective for removing grease, oil and soils while having a minimal impact on the environment.

Availability:

SUPACLENE HEAVY DUTY DEGREASER

Supaclene is a versatile spray and wipe cleaner ideal for all washable surfaces. A high alkaline formula incorporating solvents for rapid cleansing of walls, ceilings, floors, plastics and vinyl.

Supaclene can also be used for effective cleaning of oil and grease from concrete floors in industrial buildings and garages, and for cleaning car engines and engine compartments

Availability:

ANDREWS DEGREASER

A solvent based degreasing agent that contains a unique blend of surfactants and detergents. Its specific properties are perfect for cutting through grease, oils and wax.

Andrews Degreaser is a blend of clear, low viscosity aromatic liquid solvents and wetting agents giving rapid penetration and removal of heavy levels of grease, oil and other industrial contaminants on engines, machinery and all metal and painted surfaces.

Availability:

ZOFF ENGINE DEGREASER

Zoff is a blend of clear, low viscosity aromatic liquid solvents and wetting agents giving rapid penetration and removal of heavy levels of grease, oil and other industrial contaminants on engines, machinery and all metal and painted surfaces. Zoff gives excellent results whether used for cleaning smaller engine parts, in the home, garage or for major engine or machinery cleaning in industrial applications

Availability:

HANDCARE

TRUEGRIT HANDCLEANER

True Grit is a high quality emulsion-gel type hand cleaner containing ground pumice grit to assist with the rapid removal of grease, oil, ink and other industrial contaminants from the hands.

True Grit can be used in all industrial situations including heavy industries, paint shops, printers, light engineering and motor workshops and also can find use by the home handyman.

Availability: **2L Pump Bottle, 3.5kg Pail, 18kg Pail**

HDC HANDCLEANER

HDC Handcleaner is a high quality non abrasive emulsion-gel type hand cleaner which rapidly removes grease, oil, ink and other industrial contaminants from the hands.

HDC can be used in all industrial situations including heavy industries, paint shops, printers, light engineering and motor workshops and also can find use by the home handyman.

Availability: **3.5kg Pail, 18kg Pail**

BARRIER CREAM

HDC Barrier Cream is a silicon based cream that, when applied, builds up a protective coating on your hands which protects the skin and allows for stains and grime to be easily washed away. Suitable for using in automotive workshops and other industrial working environments.

Availability: **500ml Pump Bottle, 1L Refill Bottle, 5L Bottle**

VARIOUS

QUATROL

A concentrated broad spectrum sanitiser containing 3.7% active Quaternary Ammonium Chloride. Diluted in potable water it is economical and effective at cleaning transport equipment. Is highly suitable for using with foaming equipment.

Availability:

HYPOSAL

A hospital grade disinfectant designed to kill germs and obliterate dirt and mould from hard surfaces. Its versatility means it can be used for cleaning tasks as diverse as toilets, showers, bathroom surfaces, waste pipes, drains and kitchens

CLEANERS

MEGAWASH

A building and vehicle cleaner concentrate designed for quick and economical use through pressure spray equipment, foam guns or manual application. Its blend of detergents cut rapidly through road film and exerts a powerful emulsifying action. Dilutions between 1:20 to 1:100 depending on use.

Availability:

FORMULA T36

Formula T36 is an alkaline blend of liquid detergent formulated to remove road film, oil and dirt from motor vehicle bodies, truck & trailer canopies and machinery, either by water blasting or brushing.

Availability:

WINDOWCLEAR

Windowclear is specially formulated to provide rapid streak-free cleaning of all glass surfaces with a wipe on - wipe off application. Effective at removing stubborn dirt and marks from vehicle windows.

Availability:

KLEENCRETE

Kleencrete is a concentrated, alkaline powder cleaner, formulated to remove oil and grease from asphalt and concrete driveways, workshop floors, service station forecourts and other similar areas. Kleencrete is also effective as a general cleaner for concrete steps and working floors.

Availability:

CRETEAWAY

Crete-away is an acid-based cleaner for the removal of fresh concrete from bowls of concrete mixer trucks. Crete-away has a specially modified viscosity to assist it to cling to the concrete and increase the effectiveness of the acid in dissolving wet concrete.

Availability:

CRETEOFF

CRETE-OFF is a liquid compound specifically formulated to dissolve buildup cement on tools and equipment associated with the concrete ready-mix industry. It is also used to remove cured cement, concrete, mortar, and grout from any surface and also removes old rust and oxides. The highly concentrated formulation is compounded to maintain sufficient acidity to dissolve hardened cement. The softened concrete substance is then cold water rinseable with a high pressure washer.

Availability:

750ml Spray Bottle, 5 Litre, 20 Litre, 200 Litre
