NZSFA & AsureQuality Approvals

AssureQuality

Sansmart is New Zealand's leading supplier of foaming soaps, surface and food contact sanitisers, as well as odour control products.

SanSmarts cost-effective hygiene solutions help businesses within New Zealand's dairy, meat, and food processing industries comply with strict HACCP and Food Safety regulations.

Germ? Bacteria? They're no match for SanSmarts innovative range of hygiene products. SanSmarts products aim to improve hygiene while eliminating the spread of bacteria and quickly reducing the risk of contamination within critical areas of operation.

SanSmarts range of products includes: odour neutralisation, floor and foot sanitisers, food processing & hand hygiene, surface and food contact sanitisers and commercial wall-mounted soap dispensers. If your business requires commercial hygiene or sanitisation products, think SanSmart.

SANSMART HYGIENE RANGE - SERIOUS HYGIENE CONTROL

INSTANT MIST HAND SANITISER

SmartSan Instant Mist Hand Sanitiser
NFSA C54: Dairy Approved and Recognised
AsureQuality H3626

Instant Mist Hand Sanitiser is an ethanol based spray that kills 99.99% of germs in seconds. The atomised liquid provides complete coverage and saturation of the high risk areas of the hands such as the nails and cuticles.

It has been tested food grade safe and does not need to be rinsed before handling of food. It has no fragrance or sticky residue. The formula contains natural vegetable glycerine that softens and improves skin condition.

Available in a range of sizes with dispenser options suitable for all types of environments
